WHEREAS, the City wishes to employ all means available under the law to protect public life, health, safety, and property to limit the development, contraction, and spread of COVID-19, which is creating this emergency; and

WHEREAS, the declaration of a local state of emergency provides the City the ability to take measures to reduce the possibility of exposure to disease, control the risk, and promote the health and safety of St. Joseph residents; and

WHEREAS, pursuant to Section 2-1454 of the Code of Ordinances of the City of St. Joseph, Missouri, the Mayor has authority to declare the existence of a local state of emergency upon the request of the City Manager, Emergency Manager, Fire Chief, or Police Chief; and
