

St. Joseph Chamber
FOR THE WIN!

**Join now and
let us help **YOU**
succeed**

Champions *of Promotion*

We like to brag about you! We celebrate your success through our newsletter, with ribbon-cutting ceremonies, in our member directory, online and with emails.

Champions *of Connections*

Great businesses are built on a foundation of great relationships. We help you win important business relationships with networking opportunities and referrals.

Champions *of Support*

We've got the connections, and we know how to use them. The Chamber advocates on behalf of all our members on the federal, state, and local levels.

Champions *of Community*

Your membership dollars help pay for a lot more than our building and awesome staff. We invest in economic development, which translates into more jobs and more raises for the people that live, work, and play in St. Joseph!

Champions *of your Future*

When you invest in the Chamber, the Chamber invests in your future. The Chamber is involved in projects like the Imagine St. Joseph 2040 plan, which will help create a great future for our businesses and families.
